

# **4th ESEI Market Design Workshop: in Honor of John Ledyard, Sydney**

July 23, 2014

9:00-9:15 Roy Green, Dean of the UTS Business School

9:15-9:55 John Ledyard (California Institute of Technology)

"A simple buy-back auction for fisheries management" with Guilherme Freitas

9:55-10:35 Leslie M. Marx (Duke University)

"Equilibrium bid strategies in an auction with bidder preferences and resale"

with Simon Loertscher

10:35-11:00 Coffee Break

11:00-11:40 Jun Zhang (University of Technology Sydney)

"Information disclosure in contests: a bayesian persuasion approach" with Junjie Zhou

11:40-12:20 Murali Agastya (University of Sydney)

"On efficient partnership dissolution" with Oleksii Birulin

12:20-14:00 Lunch Break

14:00-14:40 Paul Pezanis-Christou (University of Adelaide)

"Supply information policies in sequential and simultaneous high-bid auctions"

with Nobuyuki Hanaki and Tibor Neugebauer

14:40-15:20 Tom Wilkening (University of Melbourne)

"A long way coming: designing centralized markets with privately informed buyers and sellers" with Simon Loertscher and Leslie M. Marx

15:20-15:50 Coffee Break

15:50-16:30 Antonio Rosato (University of Technology Sydney)

"Loss aversion in sequential auctions: endogeneous interdependence, informational externalities and the Afternoon Effect"

July 24, 2014

9:00-9:40 Peter Bossaerts (University of Melbourne)

"Human-robot interaction in a classical experiment on multi-period asset pricing" with Elena Asparouhova

9:40-10:20 Robert Slonim (University of Sydney)

"Improving blood donations: a summary of 6 papers" with Ashley Craig, Ellen Garbarino,

Stephanie Heger, Victor Iajya, Mario Macis, Nicola Lacetera and Carmen Wang

10:20-10:50 Coffee Break

10:50-11:30 Haris Aziz (University of Sydney)

"Cake cutting algorithms for piecewise constant and piecewise uniform valuations" with Chun Ye

11:30-12:10 Andy McLennan (University of Queensland)

"On uniqueness of equilibrium in the Kyle model" with Paulo Klinger Monteiro and Rabee Tourky

12:10-13:40 Lunch Break

13:40-14:20 Claudio Mezzetti (University of Melbourne)

"Repeated Nash implementation" with Ludovic Renou

14:20-15:00 Juan Carlos Carbajal (University of New South Wales)

"Plasticity, monotonicity and implementability" with Rudolf Müller

15:00-15:30 Priscilla Man (University of Queensland)

"Generalized majority rules" with Marco Faravelli
